**Re: Oral Ex Parte Presentation in WT Docket No. 05-7**

Dear Ms. Dortch:

Yesterday, Veronica Ahern of Nixon Peabody LLP and I met with Lloyd Coward, Michael Ferrante, Keith Harper, Paul Moon, and Jay O'Connor, of the Wireless Telecommunications Bureau regarding the above-referenced proceeding, which concerns QUALCOMM's Petition for Declaratory Ruling.

During this meeting, I discussed *ex parte* notices previously filed by QUALCOMM in this proceeding and explained the derivation of QUALCOMM's estimates of potential over-the-air interference from MediaFLO to TV and DTV stations. I emphasized that the use of the OET-69 methodology as proposed in QUALCOMM's Petition for Declaratory Ruling would not include calculation of interference based on cable and satellite penetration or ratings data.

I also informed the staff of the progress being made in the deployment of MediaFLO, including the demonstrations of MediaFLO on LG and Samsung wireless phones at the recent Consumer Electronics Show.

Respectfully submitted,

/s/ Dean R. Brenner
